IN THE BEGINNING . . .

High upon a throne of rocks and trees, there was a dream. This dream was transformed into a beautiful, unique building. In time, students came and made this 'building' a school. It's name became Tri-County Regional Vocational Technical School. The school itself is a genesis; a beginning of many things and opportunities. Friendships, disagreements and a new media in learning were some of these. It mixed together potential friends from all over Mass. It brought about conflicts; some were solved — others weren't. Many disputes came about, but were soon dissolved.

In the beginning, considering all else that it had, Tri-County offered variety to it's students in many varied forms. Included in this 'variety' was something that was always there, but often overlooked . . . the contribution from the students. It gave them some say in what went on — a voice which would be heard in many matters.

At Tri-County, everything was new and people were constantly learning with 'hands-on' trial and error. A trial that did succeed was sports. Sports and new athletes grew, rampantly. Shops grew and when supplies finally came in, they were all underway. Many groups and activities were organized and progress was made. All this served as our starting point. With each new day at a close, we inched further into the future. No-one will know the real beginning as we do. Those first years of triumph were the foundation of Tri-County . . . but yes, we're movin' on.

WE'RE HERE AND . . .

A FRIEND IS SOMETHING SPECIAL

Did You Ever Stop To Think How Special Friends Really Are,
They're As Special As The Night's First Shining Star.
As Special As The Bird's Song Early In The Morn,
As Special As A Baby That Has Just Been Born.
You Just Don't Realize It Every Minute Of The Day,
But A Friend Is So Special In Their Own Way.
Each One Is So Different From The Other One . . . .

FINDING OUR WAY . . .

Some Are For Talking And Some For Listening, But All Are For Fun.
No One Friend Is Better Than The Rest,
Each One Is Special, Each One Is The Best.
You Could Look All Day To Find That Special Friend,
But, Each Friend Is Something Special From Beginning To End.

Dawn Davignon

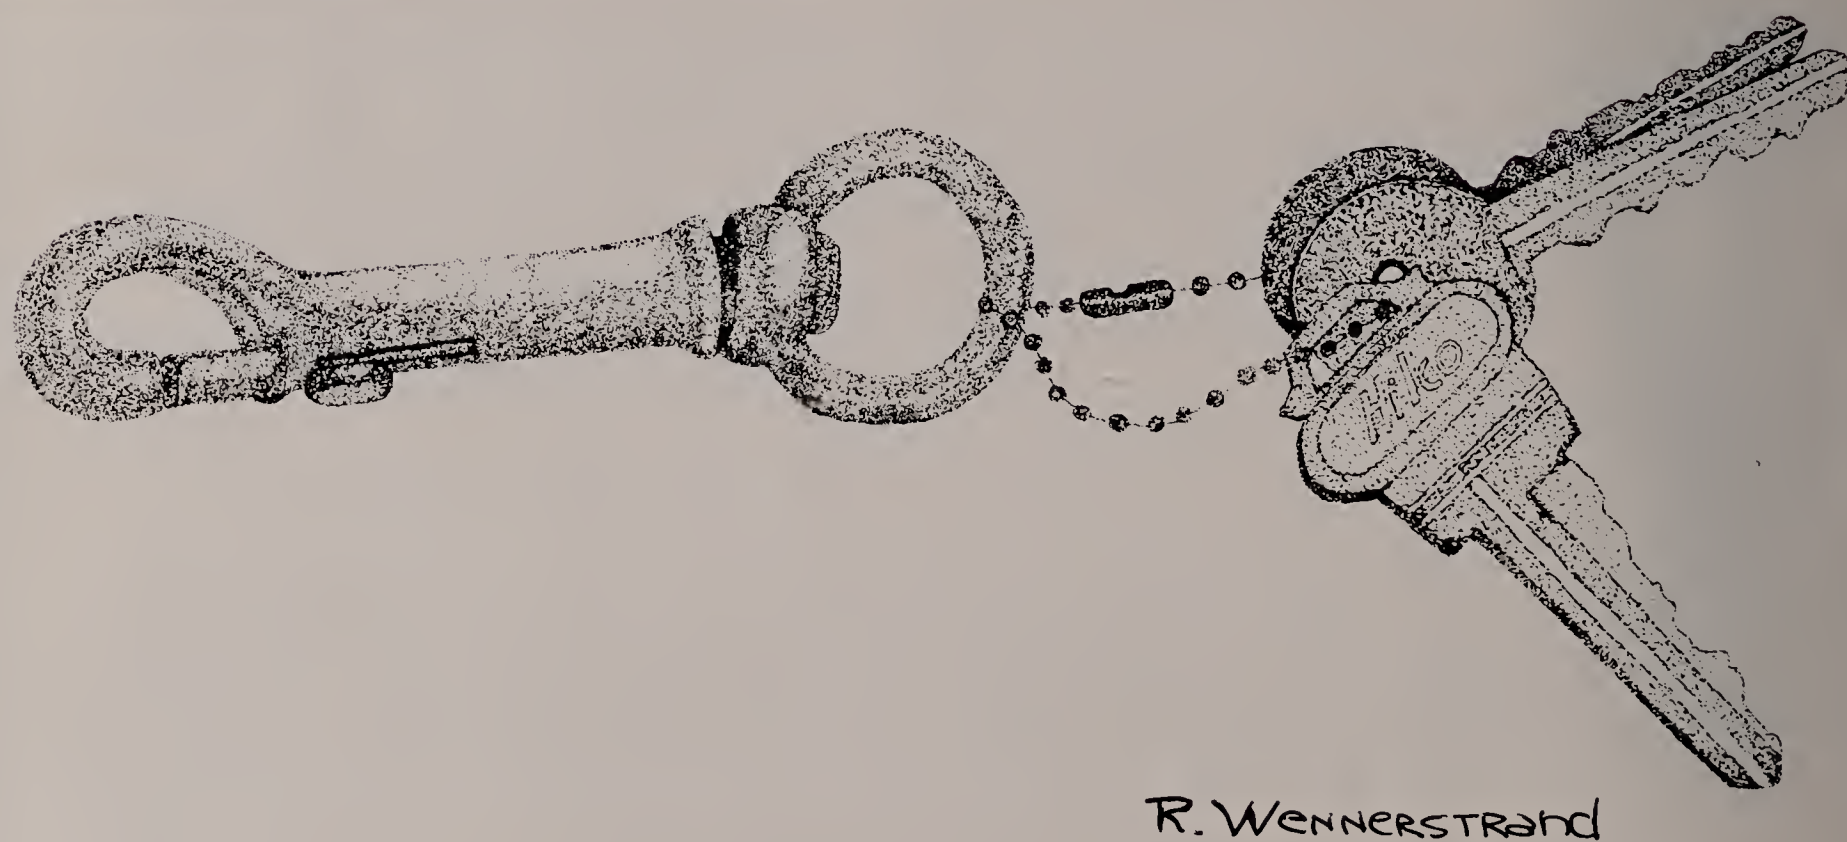
STUDENT COUNCIL



Things come and go and the school year starts, and faster than you can blink an eye, it ends.

It's scary to be growing up so fast and thinking we can't handle it all, but in the end, we prevail, and learn that life isn't as bad as it seems. At 16, we learn that life gives us a lot of problems to solve. If we keep things together, we can handle them all, and come out in full strength. So, stay with it, and take all that life gives, because if we don't, we won't survive.
